Martin demonstrated his patented disco moves

Thanks for the shirt, Marco

Our first in person membership meeting since March, 2020, occurred at Brass Pointe on May 12. It felt good to restore a bit of normalcy, seeing each other in three dimensions again. The

meeting featured an excellent presentation by J. Martin Rowell and Steve Rohde, titled "Jaguar E-Type Pedigree 1961-2021."

Steve was unable to attend, leaving the presentation duties in the capable hands of Martin, who was nattily attired in tweed and even an authentic ascot! The presentation started with the introduction of the XK120 in 1949 and followed Jaguar's sports and racing cars through the 1950's, showing the progression in both styling and underpinnings culminating in the iconic E-Types in 1961. Included were lots of photographs, diagrams and names and profiles of the people involved in developing the cars. Members chimed in with many questions, comments and anecdotes

along the way, and we all enjoyed it and learned a lot. The entire set of Powerpoint slides is available on the JAGM website at: <https://www.jagm.org/copy-of-history>.

Thanks to Martin and Steve for a fascinating and entertaining presentation! Wendy Mueller wrapped up the meeting with one of her famous JAGM raffles. Our June membership meeting will be via Zoom, on Wednesday, June 9; see page 12 for details.

the President's Purr...

Springtime excitement is in the air!

It's starting to get very close to the olden times. Times where happy smiles were seen, and happy hugs were felt. A lot of masking mandates have been lifted for fully vaccinated individuals, and I cannot be more excited! I miss those wonderful smiles from all our members and how those friendly hugs made me feel so warm and secure. I can't wait for our JAGM family to be all together again.

We continue to get more and more new members added to our roster, which is no doubt related to the enhancements to our website, the new on-line payment process, and even the setup for our Zoom meetings. Kudos to Phil, Tim, Pauline, Gary and Ellie, Jeff, Larry, Gary C, Tim, Mark, and Steve for all your

incredible contributions to the club, and dedication to make the website and The Indicator top notch!

I am looking forward to seeing many of you at the upcoming JAGM 2021 Activities, so please remember to reserve your spot for them early and register online. We've got some doozies coming up!

(Hint, hint.....Jags on the Bay...August 7th.....! "bet" you'll want to take a "gamble" and be there. I see it in the "cards" for you! Wink, wink)

Until next we meet...

Teresa

There are still a limited number of spots available. To register, or for any questions, contact Randolph Perry at rperry53@comcast.net.

RE Olds Transportation Museum

On Saturday, May 15th, sixteen JAGM members drove to Lansing and met at the R E Olds Transportation Museum. It was a partly cloudy morning with the afternoon temperature headed for 70 degrees. Mother nature was cooperating nicely.

In its early days, Lansing was the “Motor City” with its car production exceeding Detroit’s by a factor of more than three. This would change later, but Lansing’s history and that of Ransom Olds was unmistakably a major force in the early automotive industry.

The auto industry flourished in Michigan for a number of reasons, but one simple explanation is that key innovators lived here. Henry Ford was born on a farm in nearby Greenfield Township and Ransom Olds settled in Lansing. These two would go on to be two of the most important pioneers in the industry by the

turn of the 20th century. Olds invented the assembly line and Ford created the first conveyor belt-based assembly line. These inventions enabled mass production on a scale others could not match.

Ransom and his father originally produced stationary steam engines to power manufacturing processes. From that beginning they evolved into producing other transportation items. The REO company,

RE Olds Transportation Museum (cont'd)

Ransom's second car manufacturing company follow-

ing the Olds Motor Car Company, is the only car manufacturing company ever to produce vehicles powered by steam, electric and internal combustion engines.

The museum has more than sixty vehicles on display dating from 1897 through 2004. REO produced cars, trucks for commercial and military use,

products for aviation, bicycles, lawn mowers, pedal cars and tricycles and even an inboard motor kit for converting row boats into powered boats. Their inboard motor kit, unlike their other ventures, never caught on.

After our docent led tours, we drove to the nearby Lansing Brewing Company, where we spent a couple of hours enjoying good food, drink and conversation.

JAGS and Java Grand Rapids

JAGM's first-ever Jags and Java event at a Michigan Jaguar dealership took place Saturday, May 1st at Sharpe Jaguar Land Rover in Grand Rapids. About 25 Jaguars were on display, ranging in age from Series 1 E-Types to the latest F-Types. After enjoying the wonderful weather and exceptional hospitality of the dealership staff, most of the group moved down the road a couple miles to Dom Federico's Good Friends Auto collection.

appreciated the opportunity to see part of the history of Jaguar through the diverse assortment of cars present.

Kevin Butterfield brought the wild looking, racy Jaguar XK in the photo on page 7 with a unique story. See the sidebar with the picture for more on that, including a link to a

video that introduces Kevin's moving story behind the car.

Good Friends Auto was our next stop. Dom and Dee Federico opened their beautiful facility and wonderfully varied collec-

The festivities actually began for many of us on Friday evening as we were hosted by Reds at Thousand Oaks restaurant for a relaxing cocktail hour and a fine meal, with a panoramic view of the golf course.

Saturday morning was cool but clear and sunny – excellent conditions for viewing, discussing, and comparing all the fine Jags while enjoying coffee, bagels and pastries provided by Sharpe JLR. It was a great time to renew friendships with other JAGM members and also meet other Jag enthusiasts who aren't (yet) members of the club. General Manager George Sharpe greeted us personally and the staff

tion of cars for us to wander through. Highlights for me included a BMW Isetta, a Porsche 356 Spyder and of course Dom's gorgeous 1968 E-Type roadster, all looking brand new. Dom even cleaned the place up by himself (he claimed). Whoever did it had the place clean enough that we could have eaten off the floor, although in fact he had tables set up so we could sit

amongst the collection and enjoy the lunch provided by Sharpe JLR.

Thanks to Larry Taunt and Gary Cunningham for organizing this event, to George Sharpe and the staff at Sharpe JLR, and to Dom Federico for inviting us into his "toy room"! What a great way to spend a spring Saturday.

Jag for a Cause

This racy looking and sounding Jaguar XK was a real attention grabber as Kevin Butterfield pulled in to the Jags and Java event. As it turns out, grabbing attention is a primary purpose of the car, as you'll see in the video located here:

Motor Muster and Base Ball at Greenfield Village—June 20

The **Motor Muster car show** and **Historic Base Ball** are returning to Greenfield Village this summer. Celebrate Father's Day at the Village and enjoy both events. Sunday hours for the Motor Muster will be 9:30 am to 5 pm, and the Base Ball Match starts at 1:30 pm.

Concours d'Elegance of America—July 23—25, 2021

Save the Dates

Concours d'Elegance of America The Inn at St. John's Plymouth, Michigan July 23 – 25, 2021

It is that time of the year again, and as soon as we win the battle against the COVID-19 pandemic, the classic and collector car communities will be throwing the biggest party in the 42-year history of the COA (formerly known as Meadowbrook). And this year we will be showcasing a large group of E-Types near the entranceway to the car show to celebrate the 60th

anniversary of the most iconic of all the famous Jaguars. So save the dates now and book your reservations soon.¹

Two of the most exciting attractions for this year are (1) a special parking area for E-Types next to the entranceway to the field, and (2) a hospitality tent on the field for the exclusive use of JAGM members and their invited guests.

Here are some more highlights for this year's car show:

Friday – July 23 – The Motoring Tour sponsored by

Concours d'Elegance of America (cont'd)

Hagerty Insurance Company is scheduled from 8:30 am to 3:30 pm. No specific announcements have been made yet as to the details for this event. However, we have already assembled a team of individuals to support the Motoring Tour.

Saturday – July 24 – The Cars and Coffee event is being sponsored by LBI Limited (Keith Koscak) again this year and all JAGM members are invited to attend free of charge. It is held in front of the Inn at St. John's from 7:30 to 11:30 am.

Sunday – July 25 – Although the official opening of the COA event is at 10:00 am, we need to be on the field not later than 8:00 am to make sure our tent has been properly assembled, the tables and chairs are in order, and our show cars are in proper form.²

For a complete description of the COA program, please go to this website: www.concoursusa.org. If you have any questions, or need additional information, please contact Gary Cunningham, the Concours Director for JAGM, at either ghcunningham@comcast.net or 248-649-4959.

¹For out-of-town participants, we have reserved a block of rooms less than a mile away from the COA event and will be sending out that information to all JAGM members who respond to this solicitation to participate.

²There will be a menu of charges to attend the several events scheduled during the three days of COA, but a pre-paid parking pass and two admission tickets will cost only \$75. Please compare this to either Amelia Island or Pebble Beach and you will readily admit that COA is a screaming bargain.

Jaguar saloon owners—Don't miss this meeting!

Our guest, Peter Irwin, specializes in Jaguar saloons; in fact he edits the “Flagships” (saloons) section of the monthly magazine of the Jaguar Enthusiasts Club of Great Britain. Those of us who have been treated to some of his recent email communications with US saloon owners know Peter is quite a character. Just one example—he’s in his 70’s and still plays rugby! He has graciously agreed to join us at our regular meeting time, 7 pm EST, even though that means he’s starting the meeting at midnight in the Mother Country! Assuming we can keep Peter awake, expect a fun and informative time!
